

{data.table} Translation Project - French

This proposal is submitted to answer a call for translations of the {data.table} package as detailed [here](https://rdatatable-community.github.io/The-Raft/posts/2023-10-17-translation_announcement-toby_hocking/).

Goal

- Translation of all messages of the {data.table} package in French (from its `R-data.table.pot` and `data.table.pot` files, that is, 1285 messages for {data.table} version 1.15.99, commit 65212df on 2024-04-24)
- Translation of all vignettes in French (12 `.Rmd` files for same version of {data.table})

Staff

- Philippe Grosjean <phgrosjean@sciviews.org> and <Philippe.Grosjean@umons.ac.be>, University of Mons, main translator in French of base and recommended R packages,
- Christian Wia <w9204-rs@yahoo.com>, part of the French R translation team
- Vincent Rocher <vincent.rocher@inrae.fr>, post-doc MIAT unit, INRAE Toulouse.
